Dear Postal Regulatory Staff:

It is my understanding that the Postal Regulatory Commission is responsible for approving changes to USPS policy/operations as proposed by the Postmaster General, Louis Dejoy.

The press says he is about to submit to you his latest ideas for a 10 year plan.

I am asking that you NOT approve his plan.

I believe his proposals are not in the best interest of the American people, who are the customers of postal services. Mr. Dejoy's "cost cutting" measures are his attempt to diminish the worth of the USPS so that he can move forward with his ultimate goal, the privatization of the Post Office.

Please act responsibly and say no to this misguided proposal.

Sincerely,

Julia Bursell
